## Pre-Terminated Fiber Optic Cable Assemblies

Berk-Tek offers a complete line of Pre-Terminated Fiber Optic Cable assemblies. Virtually every type of Berk-Tek Fiber Optic Cable can be assembled into a pre-terminated assembly with your choice of connector type.

### Description

Simple and quick installation combined with superior performance of the fiber optic cable system can only mean one thing: Berk-Tek Pre-Terminated Fiber Optic Cables. Berk-Tek starts with superior fiber optic cable and top-of-the-line connectors and then constructs each pre-terminated cable assembly to exact specifications with precision and quality only achievable in a controlled environment. Insertion loss and visual defects are minimized through the use of video magnification and interferometers test every cable for accurate end-face geometry. Giving you performance and reliability that far exceed industry standards in less time and at a lower cost.

### Standards

**International**  
Manufacturer specification

Our portal on Cable Shop Direct makes evaluating and selecting Berk-Tek pre-terminated fiber cables easy.

Visit [www.berktek.com/teklab](http://www.berktek.com/teklab) to see for yourself.

Berk-Tek Pre-terminated Fiber Optic Cables have numerous advantages including:

- Lower total cost of ownership
- Higher performance
- Rapid installation
- Online configuration and ordering tool
- No waste from connector or field termination procedures
