

## Turning adversity into opportunity: the latest edition of Nexans integrated report is now available

---

### PRESS RELEASE

**Paris, July 27, 2021** Nexans published the latest edition of its Integrated Report, illustrating how our new purpose, “Electrify the future” and our sustainability commitments, are fully reflected in the Group's vision and strategy.

For the first time, [a digital version of the report](#) allows the readers to navigate through the 4 highlights of this edition:

- Because Electrification is in our DNA
- Because our Innovation is the future
- Because the Future is now for Nexans' energy intelligence
- Because our integrated performance is a new world.

This year's report is also the opportunity to experience life at Nexans through the eyes of our employees as part of our Living History photography contest. To further the experience, a series of videos are included to bring the Group's purpose and values to life.

Even though 2020 was a turbulent year, we successfully turned adversity into opportunity despite the unprecedented global health and economic crisis. The Group's fundamentals remains solid as Nexans moves forward in its 2024 strategic direction.

In the report, you'll read how we carry out our mission to be a key driver in the world's transition to a more connected and sustainable energy future. As we progress further into 2021, we are confident that we're on track to lead the charge toward the new world of electrification for the planet.

Christopher Guérin, CEO of Nexans commented: *“For more than a century, Nexans has played a crucial role in the electrification of the world, and it will continue this way as electrification is our DNA. It is time to amplify our role by becoming a single, fully integrated player covering the entire electrification value chain. It is with full speed and enthusiasm that we open this new chapter in our history.”*

## About Nexans

For over a century, Nexans has played a crucial role in the electrification of the planet and is committed to electrify the future. With around 25,000 people in 38 countries, the Group is leading the charge to the new world of electrification: safe, sustainable, renewable, decarbonized and accessible to everyone. In 2020, Nexans generated 5.7 billion euros in standard sales.

The Group is a leader in the design and manufacturing of cable systems and services across four main business areas: Building & Territories, High Voltage & Projects, Industry & Solutions and Telecom & Data. Nexans is the first company of its industry to create a Foundation supporting sustainable initiatives bringing access to energy to disadvantaged communities worldwide. The Group pledge to contribute to carbon neutrality by 2030.

Nexans. Electrify the future.

Nexans is listed on Euronext Paris, compartment A.
