

## **Nexans and 2Connect: large interconnection solutions cable contract strengthening 20 years of partnership**

---

### **PRESS RELEASE**

- **Nexans will leverage its manufacturing expertise to provide a portfolio of cables as part of a 5-year frame contract, with 2Connect.**
- **The cables will be manufactured at Nexans' Pioltello plant in Italy.**

**Paris, November 22, 2021** – Nexans has been awarded a large<sup>1</sup> contract to be the unique supplier of cables for 2Connect, a custom-designed interconnection solutions company.

Based in the Netherlands, 2Connect was originally set up as a distributor of special cables but has since developed into a global A-to-Z manufacturer of interconnection solutions. Strengthening 20 years of partnership with 2Connect, the 5-year contract will see Nexans provide flexible cable designs for specific moulded connectors used in medical, automation, machinery and industrial equipment.

Alessandro Saccani, Sales Manager Automation at Nexans, comments: *"We are very proud to team-up with 2Connect as their unique cable supplier. Interconnectors play a crucial role in improving energy supply and security. Our partnership with 2Connect is a perfect fit with our ambition to help energize industries and we're thrilled that our Pioltello plant will be used to provide customized cables for 2Connect."*

The frame contract will see Nexans' Pioltello plant in Italy become 2Connect's unique supplier of customized cables, which will be suited for harsh environments in factories.

Marc Van Der Put, 2Connect CEO, added: *"Innovation lies at the heart of creating a more efficient and reliable connecting solutions, and Nexans is the perfect partner for 2Connect thanks to their complete portfolio of cables, ability to quickly follow up the specific requests of our customers. Always with outstanding product quality that match the needs of the high-end machineries of our customers. This latest frame contract ensures we can continue working with Nexans to integrate the best and most advanced cable solutions into the sector."*

For over a century, Nexans has been providing solutions to support the global mobility revolution and the development of Industry 4.0 by energizing equipment of leading manufacturers. This partnership strengthens Nexans role as a global leader in the design and manufacturing of cable systems and services.

---

<sup>1</sup> For Nexans, a "large" contract for medium and low-voltage cables ranges between 20 and 50 million euros.

---

## About Nexans

For over a century, Nexans has played a crucial role in the electrification of the planet and is committed to electrify the future. With around 25,000 people in 38 countries, the Group is leading the charge to the new world of electrification: safe, sustainable, renewable, decarbonized and accessible to everyone. In 2020, Nexans generated 5.7 billion euros in standard sales.

The Group is a leader in the design and manufacturing of cable systems and services across four main business areas: Building & Territories, High Voltage & Projects, Industry & Solutions and Telecom & Data. Nexans is the first company of its industry to create a Foundation supporting sustainable initiatives bringing access to energy to disadvantaged communities worldwide. The Group pledge to contribute to carbon neutrality by 2030.

Nexans. Electrify the future.

Nexans is listed on Euronext Paris, compartment A.
